## MEDALLION HUNT

### DAY 1

If the medallion is what you seek  
It's time to go out hunting  
Around campus secrets will leak  
From this task there is no punting

Go in search of colored Easter eggs  
You'll find they contain many clues  
But hurry fast, the eggs might have legs  
You might want to start with the blues

Go in search of buildings yellow  
Wander amongst the structures of old  
If you search God quad, you won't lose your mellow  
The color you're looking for is Notre Dame Gold

So, go out, in search of egg treasure  
But be sure not to voice your displeasure
